Narrow Bridge Arts Club Signs

Graphic Design / Laser
Cut
2024

Designing laser-cut signs for a community arts club in a renovated historical church involves incorporating artistic elements that reflect the club's vibrant spirit to attract new members. Using decorative icons and fonts that align with the club's identity. The project uses recycled cardboard and colored paper for sustainability employing layered effects to enhance visual appeal.

My Happy Healthy Windy Chicago Life Card Game

FANGS: The Eternal Coven

GLOBAL BOARD

When setting up the board, you can arrange the board in a variety of ways. However, the following should always be consistent when setting up your board.

- 1. **Human/Vampire Cards (x36):** The CITY should always be in the center. Place the human/vampire cards face down here.
- 2. **Resource Cards (x2 x28):** The MOUNTAIN and LAKE HOUSE should never be next to each other (meaning there should be one other location in between the two locations). Shuffle the card decks and place the designated cards with the matching illustrations.

- 3. **Power Cards (x18):** Shuffle and place power cards face down at the CAMPSITE. Flip the top card upward.
- 4. **Socialite Cards (x9):** For the DINER, shuffle the deck and pull the first three cards from the socialite deck placing it next to the deck in the open slots.
- 5. For the GRAVEYARD take the top three cards from the MOUNTAIN and LAKE HOUSE locations, shuffle them and place the top three cards face down next to the deck as your graveyard marketplace.
- 6. **Dice (x4):** Keep dice in an accessible reaching spot for all players.

GAME OBJECTIVE

Players are vampires who are competing to be the best vampire in the town. To keep the magic alive through others and maintain a social status with their vampiric members, players must grow their own coven within this mountain town.

PLAYER BOARD

Personal Player Board (x6): Each player chooses one personal player board and takes the respective colored meeples (x12).

- A. **Frenzy Meter (x4):** Place the frenzy meter above your personal board. Take the second bat meeple and place it at 0.
- B. **Blood Tokens (x20):** Place your blood tokens in the blood bag as you receive them. Start with 3 tokens per person

C (During Game). If you decide to hold onto a resource, place the resource card on one of the open slots on the side of the board. Two more slots open if you have 5 or more vampires in your coven.

D (During Game). When you've converted a human, add your vampire into one of the slots available. When attaching a resource, place the resource card underneath the vampire card.

Mille Bornes Cards Re-skin

A visual redesign for a classic racing card game — Mille Bornes. Introducing a new visual identity to the game to enhance the functionality, accessibility, and thematic connections without significantly altering gameplay.

By using bright color and modern design elements, the project emphasizes the road as a key background feature, highlighting the game's sense of progression and journey.
